(Delete Oct 1)

The Lynchburg Health Department will be hosting a blood drive with the Red Cross on Friday, September 30 at 307 Alleghany Ave, Lynchburg, VA 24502.

We are the primary supplier of blood to all the Centra hospitals, including Bedford.

Most of the blood donated in this region comes back to this region. There will always be some units sent to WV or NC as needed, of course, but that is why it is so important to collect locally. We need to be sure we have an adequate and safe supply of blood on the shelves that match our population.

CENTRAL VIRGINIA HEALTH DISTRICT
& THE RED CROSS

BLOOD DRIVE 2022!

**SPECIAL OFFER: Come to give on Sept. 30
& receive a free haircut coupon
via email from Sport Clips!**

Donate to save up to 3 lives
